JUMPING EVENTS GEAR CHECKERS GUIDELINES
--

HRCav gear check is **NOT** a safety check. Competitors are solely responsible for the correct fit and safe condition of their gear; rather it is a check to ensure that the Competitor is using the correct gear allowable under HRCav Rules.

A Gear Checker **MUST NOT** alter or interfere with a Competitor's gear (ie. tighten the girth). They may however suggest to the Competitor that an adjustment is advisable - the **Competitor** must see to any alteration, if they feel it is necessary. This advice is for the Gear Checkers own protection as any interference that may result in injury to horse or Rider may render the Gear Checker responsible, or in an extreme case, liable to prosecution.
